

HEE AHP Live Stage Health Careers Live 2021

This event is led by a team of frontline medics and started as an NHS Clinical entrepreneur project by Raj Sethi. This is the second year that HEE Team AHP is working in collaboration with the Health Careers Live to showcase the wonderful world of AHP careers. The programme has been named winner of the NHS Parliamentary Award – Health Equalities (NW) and the team will be attending a national ceremony taking place on 7 July to receive their award.

We will be hosting an AHP Live stage across a two-day virtual careers event in July and the one-day national conference event in November.

HEE AHP Live Stage Health Careers Live Sat 10th/ Sun 11th July 2021

The AHP Live stage will be produced and delivered with On The Frontline NHS AHPs / AHPs Off The Record Podcast Creators Jo Siddal and Ena Ankutse.

Jo McNamara and Hazel Pennington (HEE/ Macmillan Fellows) will also be providing a cancer patient pathway experience in the discovery hub, with will include a patient with lived experience as part of the session delivery team.

We have 43 AHPs now are volunteering their time as AHP Career Ambassadors from across the UK to participant in sessions on the AHP Live Stage.
